

DANNY-MIGUEL MITTELBERGER

+264 85 8000 433 | mittelberger2007@gmail.com

PROFILE

Adaptable and detail-driven individual with strong communication, problem-solving, and organisational skills. I learn quickly, work well under pressure, and bring a calm, structured approach to tasks. Confident in working with people, explaining concepts clearly, and handling responsibilities with care. Consistently reliable, motivated, and committed to delivering high-quality work across different roles.

EDUCATION AND CERTIFICATION

Eran Academy <i>International AS and A Level</i>	Windhoek, NA 2025
Delta Secondary School Windhoek NSSCO	Windhoek, NA Jan 2021 – Nov 2024
Deutsches Sprachdiplom der Kultusministerkonferenz – Stufe I (DSD I) <i>German Language Certification (B2)</i>	Windhoek, NA 2024

EXPERIENCE

Learner Fundraiser Committee (LFC) <i>Delta Secondary School Windhoek</i>	Jan 2022 – Sep 2024
– Presented ideas and updates to groups of students and teachers, strengthening communication and public-speaking skills. – Collaborated with diverse student groups, encouraging participation and teamwork. – Organized school events requiring planning, coordination, and clear instruction delivery.	
Administrative & Accounting Assistant <i>PyroNam</i>	Jun 2024 – Dec 2024
– Communicated effectively with staff and clients when gathering required information and explaining documentation. – Developed attention-to-detail skills essential for teaching tasks such as marking and lesson prep.	
Robotics Intern <i>MindInAction</i>	May 2025 – Aug 2025
– Coached learners in robotics and basic programming, adapting explanations to individual learning levels. – Guided students using LEGO Mindstorms and NAO robots, reinforcing structured teaching and one-on-one support. – Supported knowledge transfer in workshops, strengthening clarity and instructional communication.	

PROJECTS

NamWeb Collective	May 2025 – Present
– Work with clients, requiring clear explanations and structured communication suited to a teaching environment. – Develop online resources that train users to navigate and understand digital tools.
